Make it happen

Foreword EHF President

Dear handball friends,

Six rounds left to complete the EHF Champions League Women 2024/25 group phase

A new year marks new beginnings, and even though we are halfway through the group phase, 2025 will mark a fresh start for the 16 elite teams ready to secure their spot in the play-offs and quarter-finals of the competition. We welcome you to the second part of the EHF Champions League Women 2024/25 and wish this new year brings spectacular handball memories to you!

Since the group phase throw-off in Hungary, Romania and France in September, we have seen many remarkable victories, tight matchups, astonishing goals and marvellous saves. After eight rounds played in 2024, all teams are still in a race for the prestigious trophy with only one team staying unbeaten. Metz Handball tops group A with seven victories and one draw!

Right behind them are Hungarian champions FTC-Rail Cargo Hungaria, who lost only to the group leaders Metz Handball. The battle for first and second place will be a tight one, adding to the mix former champions Krim Mercator Ljubljana, CSM Bucuresti and Champions League returnee HC Podravka Vegeta.

In group B, the titleholders Györi Audi ETO KC are leading the standings with 13 points and will have a tough task to defend their quarter-final spot, as Team Esbjerg, Odense Håndbold and Brest Bretagne Handball are right behind them. A true test for the Hungarian powerhouse will be in round 9 when they travel to Odense Håndbold for the first Match of the Week in 2025.

The road to the WOMEN'S EHF FINAL4 2025 is a long one, the stage is set for another spectacular handball feast as the teams and players have their eyes locked on the shiniest silverware! The action is taking place around Europe on Saturdays and Sundays at fixed times, so make sure you set your schedule for weekend fun.

Enjoy the EHF Champions League Women 2024/25!

Yours in sport,

Michael Wiederer
